

MOVING CHECKLIST

8-9 Weeks Prior

- If you need to hire professional movers, call and get quotes and get on the schedule with the mover you choose.
- Request time off of work for planned moving date.
- Start packing! Purge any items you do not plan to take with you on your move. Great time to donate or make some extra cash with a yard sale!
- Get a head start on painting or scheduling with a provider for any repairs or improvements that may be needed.
- Reach out to your children's new schools for transferring records and registration steps.

6-7 Weeks Prior

- Coordinate with friends and/or family to help if you are doing a DIY move or DIY repairs
- Reserve a storage unit if necessary
- Start collecting moving supplies like boxes, tape, newspaper, trash bags, etc...
- Order new change of address labels and bank checks with your new address
- Contact your doctor, dentist, and veterinarian to get copies of records if you will be transferring to other providers.

4-5 Weeks Prior

- Contact utility providers to transfer or cancel service. Make sure they know your move date so you can arrange for service connection and any installation that may be needed.
- Host a yard sale or make pick-up/drop-off donations
- Are you a member of a community organization, gym or club? Most monthly memberships need at least 30 days notice before freezing or cancelling an account. So if you haven't already done so, be sure to either end or transfer your membership

2-3 Weeks Prior

- Notify USPS.com and submit your address change
- Contact Social Security, Insurance company, Credit Card Companies and any other subscriptions of your address change.
- Schedule & set up child care to prepare for moving day!
- Clean appliances, defrost freezer
- Transfer any prescriptions to a closer pharmacy if needed so you don't have any delays.

1 Week Prior to Moving Day

- Get water bottles, plan meals accordingly. You don't want to have to worry about cleaning the oven on your way out!
- Take an inventory list, check closets, cabinets, make an extra sweep through the attic, basement, storage buildings to make sure you have everything ready to be moved.
- Clean and remove all garbage and debris.
- Gather all keys for easy exchange
